<div align="center">Homework 10 Discussion Questions</div>

1. According to Davidson and Lytle, what is the role of statistics in historical analysis? What are the advantages and disadvantages?

2. According to Davidson and Lytle, what were people's actual motivations when moving from southwestern US to California in the Dust Bowl migration? How do they use statistics to determine this?

3. How do the events and historical analysis in this chapter demonstrate the importance of context when considering works such as *The Grapes of Wrath* and FSA photography?
